Our Quality Policy

We are having our own quality control department which facilitates us to maintain our standard as per USA and European market. We believe in the best and provide No. 1 quality products to our prestigious clients. We have assorted machinery for our fresh produce which controls the quality from starting to end of packaging. Our skilled staff maintains our quality products and supply to all around the global market. We continuous thinking of our customers with provide better products need as per there specification. Our trained staff helps us to match the exact need and fulfillment it with our services. We always derived what we committed to our clients.

Not only we care of quality but packaging is also major concern of our firm. Depends on the product characteristics and the customized requirements we packed our finish goods in a way that it reached safe and hygiene condition.

We always committed with our best efficiency and reach the goods in shorter span of time to our clients. We always match our quality which our client demanding from us and do our best to fulfill their requirements. Guarantee and maintain the certification quality and security of food products is the first motto of our firm. We also maintain the technical specification and documents for each of our products

Our quality is always customer focus. So we take care of requirements and satisfaction of the customers. Handling the customers complain, handle it properly and retained the customers. We are welcomes to join our company and get our power of spices to your customers.

Vision & Mission

Our Vision:

"To be a Rs. 25 billion food company by the year 2020 in the Dehydrated food segment by launching products and services in the domestic and international markets that enhance lifestyle and create value for our global customers through the quality management excellence at all levels."

Our Mission:

"We take pride in working together to provide great-tasting DEHYDRATED FOODS of outstanding value to delight customers throughout all of Global Market. Serve our delicious products to add value to the final products and reach to every kitchen of the world."

Packaging

Maruti foods Exports adopts the latest technology for packaging solution for their wide range of products. Dehydrated food, dry food and beverages are everyday staples that require high-performance packaging solutions for maximum consumer convenience. Multilayer packaging materials from Mondi Coatings & Consumer Packaging provide excellent barriers against moisture, oxygen, light and grease. Our packaging solutions are designed to run efficiently on high-speed packaging lines. Paper- and film-based multilayer laminates from Mondi ensure impressive printing results for powerful branding.

The dehydrated onion shall be packed in clean and sound containers made of material which does not affect the onion and protects it from the uptake of moisture and exit of flavor Components by way of permeation

After the strict inspection of finish goods the products are ready for packaging. With the in-house multitrans packaging technology help us to pack air tight sealed our goods. The finished product are weighed and sealed in moisture proof food grade poly bags. The bags are packed in corrugated boxes or paper bags. The product is now ready for export.

Packaging is most important part for us, finally the goods dispatch globally. That's why it must reach to final distention in safe and hygiene condition. We use paper bags and PP bags for packaging of dehydrated foods products. Further details for packaging as follows:
